Regional Physicians Welcomes New Physician

HIGH POINT, N.C. – Mike Gassemi, M.D. recently joined Regional Physicians Internal Medicine. He is board certified in Internal Medicine and specializes in adult illnesses including diabetes and COPD (Chronic Obstructive Pulmonary Disorder).

Dr. Gassemi holds his medical degree from World University in the Dominican Republic and completed his internship and residency at Georgetown University Internal Medicine in Washington, D.C.

New patients are welcome. To make an appointment with Dr. Gassemi, call Regional Physicians Internal Medicine at 336-882-2433 between 8 a.m. and 5 p.m. The office is located at 404 Westwood Avenue, Suite 203, High Point, N.C. 27262.

About Regional Physicians

Regional Physicians (formerly MedCentral) is the growing group of multi-specialty practices, affiliated with High Point Regional Health System, serving the needs of residents in the Greater High Point, Thomasville, Jamestown, Asheboro, Lexington and southwest Greensboro areas. From its start ten years ago, Regional Physicians has grown from two doctors' practices to 20 convenient locations, representing 14 medical specialties. Now with more than 40 board certified (or equivalent) doctors and 23 providers, Regional Physicians continues to offer you the most advanced health care services in a caring, compassionate and professional environment.
