focus on your  
medical recovery  
and not worry  
about your  
financial  
recovery.**

## High Point Regional Health System

When you enter our hospital, we understand that you have several concerns, including the restoration of your health, and how you will pay for the care that you receive.

We have both the technology and staff to deal with your medical condition. To ease your concern on how you'll pay for your care, we can offer you a number of payment alternatives.

One of our representatives will discuss your insurance coverage with you and help you to understand what it will cover. When your self-pay responsibility is determined, we will help you select the payment option that is best for you.

Please call (336) 878-6003

**Mosaic Finance Solutions . . .  
an affordable alternative  
for paying Healthcare Expenses**

### Three payment options are available to you.

1. You may choose to make an estimated payment in full at the time of discharge by cash or check.
2. You may choose to use your VISA or MasterCard to pay for your charges at time of discharge.
3. You may choose to have High Point Regional Hospital System place your charges on a Mosaic Finance open-end charge account. This allows you to have health care charges on a separate account. You can pay the account with convenient monthly installments, which will be 2.5% of your highest account balance, or a \$25.00 minimum payment, whichever is more. This allows you to repay your account in a period up to 56 months. NOTE: If you pay your account balance in full within 30 days, Mosaic Finance will waive the finance charge.

We can approve a line of credit for you on the spot. We'll carefully go over the contract with you and explain all the features, including interest charges, which you will find very competitive.

While we do ask you to sign a credit agreement, just as you would with any line of credit or loan, the main stipulation that needs to be satisfied is that you will be responsible for a minimum payment of 2.5% per month of the total balance owed. Once that has been determined, Mosaic Finance goes to work for you immediately.

## Mosaic Finance Solutions, Inc.

**Mosaic Finance solves the  
problem of finding an affordable  
method to pay for medical care.**

Mosaic Finance helps make health care more affordable because it spreads out the total amount you're responsible for into smaller monthly installments.

**Mosaic Finance lets you arrange  
financing without disturbing  
other lines of credit.**

Mosaic Finance can help you make payments without affecting other purchases you need to make. A fresh line of credit is established for payment of medical care costs. You avoid withdrawing from your savings accounts, adding to a bank loan, or jeopardizing other lines of credit.
